

G01 - Gate Evidence & History Record

Blank protected-assessment evidence template

Use one copy of this record for every full Gate attempt. Attempt history is append-only. Never overwrite an earlier weak result with a later pass.

Critical-defect record

Critical defect?	Evidence / note
YES / NO	
If repaired later, preserve original finding and add new evidence rather than deleting it.	

Reviewer decision

GATE_FAMILY_PASS only when K1-K6 are all DEMONSTRATED and no unresolved critical defect remains. Otherwise record exact weak competency -> targeted repair -> changed micro-proof. Full Gate B/C is explicit assignment only.
