

M05 Module Review

Open only after saving Module Practical attempt

Release Candidate 1 - Data Engineering Python production candidate

Control	Expected
API raw records	9
Valid records	5
Rejected records	4
Valid amount total	6,300.00
Valid order IDs	MO01, MO02, MO05, MO06, MO07
Customer master issue	C06 appears twice; rows referencing C06 are ambiguous until repaired
API duplicate	MO08 appears twice; both copies must not produce two target rows
Negative amount	MO03
Unmatched customer	MO04 -> C99

Rerun check

After a correct unchanged-input rerun, m05_module_orders should still contain 5 rows, not 10.
